## IL RICCIOLO

### Surroundings

In the lovely Tuscany, about 40km in the northeast of Florence, you find the charming house "Il Ricciolo", which is part of an ancient vineyard from the 17th century.

In the main building Gunnar has established his summer residence. In the old stable he inserted a holiday apartment, which can be rented from April to October.

In Vicchio, 5 km from "Il Ricciolo" you have the possibility to do your shopping. Here is everything you need for a pleasant holiday: restaurants, pizzerias, a supermarket, postoffice, a theater, coffee shops, sports field and a swimming pool. From the local station you reach directly the heart of Florence in about one hour.

## The House

The appartement consists of one big room (45sm), shared in a kitchenpart (with frigide and washing-machine) and a livingpart (with sleepingsofa, dinningtable and cheminé). The bathroom has a showcabine and a bidét (cold and warm water). Everything is completely new.

Directly in front of the house you find a terrasse where you can eat or just relax and enjoy the sunbathing. A kitchengarden and a lawn belongs to the house too and can be used by the guests. There is a direct access from the garden to a small river with a waterfall under which you can get refreshed in the summertime.

Prices for a week:

- 2 adults + 2 children: 700 Euro
